Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Friday 02 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Fine with variable cloud and clear or sunny periods.

This Evening and Tonight:
Eastern and central parts will have a good deal of cloud, whilst further west, there will be clear periods allowing frost in places and also a few fog patches, particularly across Northern Ireland.

Saturday:
Dry with sunny periods for many central, northern and western parts and becoming rather warm for central Scotland and Northern Ireland. More cloud at times in the east.

Outlook for Sunday to Tuesday:
Fine at first Sunday, before a band of rain sweeps south. Then significantly colder, especially in strong winds, with sunshine, but some hail and snow showers too Monday and Tuesday.
